# **Sentiments towards Ukraine** and Russia

How much do you agree or disagree with each of the following statements? (%)

## The EU and energy

(%) How much do you agree or disagree with each of the following statements?

The EU should reduce its dependency on Russian gas and oil as soon as possible

The war in Ukraine makes it more urgent for EU Member States to invest in renewable energy

The EU should take measures to increase energy efficiency of buildings, transport, and goods

Measures should be taken at the European level to limit the impact of rising energy prices on consumers and companies

Gas storage in the EU should be filled up to avoid risks of shortage for next winter

EU Member States should jointly buy gas from other countries in order to get a better price
